Thursday, 20th May 2022 from 15.45

WORKSHOP n.20

Maritime regions at the core of EU cooperation to enhance coastal resilience

It is organized by **Autonomous Region of Sardinia – Department of the Environment – Nature conservation and forestry policies Office - Lead Partner of POSBEMED2 Project and CPMR – Conference of Peripheral Maritime Regions.**

Description of the workshop:

The workshop will focus on the crucial role played by regional governments and public policies, action plans and INTERREG projects to enhance resilience in EU maritime regions. Special attention will be dedicated to challenges and opportunities when it comes to the implementation of a climate change adaptation strategy at regional/local level. The workshop will also give the opportunity to focus on specific examples of policy intervention. In this regard, results delivered by the POSBEMED2 project will be presented and analysed during the debate to show how innovative solutions on Posidonia Oceanica banquette management can contribute to coastal resilience in Mediterranean coastal zones.

Speakers:

- **Roberto MONTANARI**, Policy Officer, Directorate General for Territorial and Environmental Care – Department of Soil and Coast Protection and Land Reclamation, Emilia Romagna Region
- **Richard SJÖLUND**, CPMR Vice-President for Climate & Energy and Vice-Chair of the Regional Council
- **Laura Santona Ostrobothnia**, Posbemed2 Project Manager, Autonomous Region of Sardinia
- **María del Mar Otero**, Marine Biodiversity & Blue Economy Manager – IUCN – Spain

Moderator:

- **Giuseppe SCIACCA**, CPMR Director Maritime Affairs and Climate
